PRODUCT	COMMENT	PRICE GBP EXCL. VAT
Capacitor 0,33 True Copper	New. The best audiophile high end grade capacitors, LampizatOr branded, very open and natural. Polypropylene insulator, copper electrode, no oil.	16,0 £
JAN5963	Military standard NOS tube in original package. Philips USA made. Equivalent of ECC82 or 12AU7 but better built.	15,0 £
6C8G RCA	NOS The "mother of" 6SL7 dual triode. It has the same characteristics as 6SL7 but different pin-out. Requires a "top hat" grid connector.	33,0 £
6H9C Metal Base MELZ	The best Soviet equivalent of the legendary 6SL7	40,0 £
6H1[pi] (6N1P)	A noval version of 6SN7GT or 6H8C. Very popular Soviet NOS tube. Also substitute for ecc82 with different pinout or substitute of ECC88 with double heater current and same pinout.	15,0 £
PCC85	RFT NOS triode from DDR.	19,0 £
6C33C-B		30,0 £
6C5S (6u5c)	Sovier equivalent of 6X5 - a very popular and good sounding rectifier with dual anode and in-direct heaters (6,3V)	19,0 £
EF800	NOS Radiotron. Very good sounding pentode, often used in triode mode for audiophile grade preamps and DACs or like amplifier driver. Noval base with gold plated pins.	25,0 £
EF800	WF branded pentode (as above)	25,0 £
E80F	Old stock, slightly used but measuring strong. VALVO (Philips Haarlan factory) pentode. Very good SQ for Triode Mode circuits for preamps and DACs.	33,0 £
6H3[pi] (6N3P)	A soviet NOS dual triode.	15,0 £
Audiophile Capacitor 1uF/400V DC	A solid performer for all applications in audio like decoupling, coupling, bypass, signal, etc. Polyproplene insulation, aluminium deposit electrode. Very detailed and fast cap.	4,0 £

KR AUDIO 5U4G ANNIVERSARY VERSION LAPIZATOR	Ceramic base, Double size glass, Dual diode, Hi-Vacuum	279,0 £
KR AUDIO 242		339,0 £
KR AUDIO 05		199,0 £
UX4	ceramic base, gold plated contacts, new.	8,0 £
UX4	Teflon base, gold plated pins	40,0 £
4P1L	Audiophile grade miniature pentode with DHT cathode. Can be used as triode or tetrode. Fits Atlantic DAC by Lampizator.	15,0 £
5C3S	Grey anode	15,0 £
5C3S	Black Anode	25,0 £
OCTAL BASE	Teflon body, gold plated pins (works with both PCB as well as point to point)	40,0 £
OCTAL BASE	Belton base, best tight fit, silver plated contacts, a major upgrade over standard bases, point to point soldering contacts not for PCB	8,0 £
Mundorf MCAP EVO	8,2uF/450V / 3% capacitor - the best upgrade for first cap after the rectifier in tube rectified PSU	33,0 £
AC CABLE SILVER SHADOW LAPIZATOR	SCHUKO plug, 1,5m	235,0 £
AC CABLE SILVER SHADOW LAPIZATOR	USA plug, 1,5m	235,0 £
AC CABLE COPPER LAPIZATOR	SCHUKO plug, 1,5m	120,0 £
XLR digital AES/ EBU LAPIZATOR	One cable 1,5m	120,0 £
BNC to RCA LAPIZATOR	1,2 m Silver Shadow cable with "plug conversion" that eliminates a need for plug adaptors. Teflon insulation, silver plated screen	120,0 £
S/PDIF LAPIZATOR	1,2 m RCA to RCA digital cable, WBT plugs , silver/copper conductor, silver plated screen, teflon insulation, wideband GHz range	120,0 £
Analog RCA LAPIZATOR	Silver Shadow by Lampizator. 1,2m analog pair. WBT plugs , silver/ copper conductor, silver plated screen, teflon insulation, wideband GHz range	329,0 £
XLR analog stereo pair LAPIZATOR	Silver Shadow by Lampizator. Shielded twisted pair, silver in teflon. Screen silver plated. Neutrik plugs. 1,5m	399,0 £
500B-V3 EML	The Emission Labs 300B equivalent with better specs and higher power	359,0 £
274B EML	Emission Labs MESH rectifier dual diode	319,0 £
5U4G EML	Emission Labs MESH rectifier dual diode	349,0 £
45 EML		225,0 £
300B EML		250,0 £
1605 EML		459,0 £
ECC802S JJ	New tube. High end audio version of ECC82. Our best selling 82 type	49,0 £
ECC99 JJ	The best sounding noval tube in the new production. Ideal as a very powerful driver for 300B etc.	29,0 £
